Dear Member:

The enclosed President's Report for 1962 and 1963 shows very real progress and should please all of you who love the island chapel. Your Board of Trustees and its officers have worked hard to make the accomplishments of the past two years possible. Much of this could not have been done had it not been for your membership support and for the fine volunteer work that many of you have given our chapel during the past two summers.

We would like to finish the job in advance of our first summer service on July 5th. Will you help us by doing two things! First, by taking out your 1964 membership NOW and if possible increasing this at least for this year. Second, by taking the enclosed extra membership card and seeing that it is filled out by a friend so the chapel may double its membership role this year. If you will respond to these two requests and get your memberships in promptly, through the enclosed postage-paid envelope to our treasurer, Dr. F. B. Nelson, you will help make it possible for us to finish up the renovation of our lovely chapel with all bills paid in full, in time for our first service on July 5th.

May I take this opportunity to thank you for your membership support of the past two years and for the fine help you have given your board and officers. I hope you will forgive me for not writing you a personal letter, but these are busy days for me with much travel, and as our membership has grown, I find this mimeographed letter the best way to report to each of you.

I shall look forward to your prompt response to this letter and shall look forward to seeing you again this summer.

Very sincerely yours,

JRF:t

John Ripley Forbes, President
